Anne-Marie Knight
Executive Director
Black Business Alliance
5/11/2025

To Whom It May Concern,

It is with great enthusiasm and sincere gratitude that I write this letter of recommendation for **Onyx Elite Business Consulting**. Since 2023, Onyx Elite has played an invaluable role in supporting the operations and on-site execution for the Black Business Alliance (BBA), and I am truly astounded by the caliber of service and dedication they have consistently demonstrated.

From the very beginning of our partnership, Onyx Elite has brought not only professional excellence but also a personal touch that is rarely found in today's fast-paced business world. Their team has gone above and beyond to understand our mission, our community, and our specific needs as a Black-led organization. This attention to detail has made a profound impact—not just in how our operations are run, but in how our events and initiatives are experienced by our members and partners.

Their on-site support has been seamless, proactive, and deeply appreciated. Whether managing logistics, coordinating vendors, or providing strategic insight, Onyx Elite has consistently shown up with solutions and a commitment to excellence. I am especially grateful for their ability to connect us with other Black-owned businesses and strategic partners in the region. These introductions have helped us grow our network, elevate our presence, and expand our reach in ways that align directly with our goals.

Onyx Elite is more than a consulting firm—they are a trusted ally, a professional powerhouse, and a passionate advocate for Black businesses. I wholeheartedly recommend them to any organization seeking transformative support grounded in excellence, integrity, and cultural relevance.

With deepest appreciation,

Anne-Marie Knight
Executive Director
